

2023-2024

INTERNATIONAL EDITION

Technical Solutions in the industry

In 1994, Bemis Electric was established in Bursa where is an important industry city of Turkey. Bemis that was established with the purpose of producing industrial electric materials, started producing with 3 types of flat type plug socket three-phase, and became the leader of its sector in a short time.

Bemis is producing 3.000 types of industrial Electric materials with 100 % domestic production in 11.000 m2 indoor space in its modern production plant in Bursa Organized Industrial Zone.

Bemis, holding ISO 9001-2008 QUALITY MANAGEMENT SYSTEM, CE, CB, TSE, GOST-R, UkrSEPRO and TÜV Quality Documents, maintains its leadership in the sector with its well-educated and experienced team.

As an addition to the local market, BEMIS export products to more than 48 countries. Mostly exported products are CEE norm plugs and sockets, plastic and metallic cable reels, rubber plugs and more brand new products and they are presented proudly to the use of international consumers. Our new motto is "DISCOVER BEMIS WORLD "

Bemis has reached to the level of a well-known and significant manufacturer in the sector – with the motto and vision of "becoming a leader brand in the world – known with its' quality and esteemed name." BEMIS controls all the international sales and operations from the central manufacturing facilities in either direct or export-aimed sales to worldwide buyers. And also Bemis looking for a new partners for expand the sale network in the World. Join us for grow your Business.

Factory

For quality, labs and tests are important

We certify almost all of our products by testing in our laboratory within our organization, we control quality and improve it by tracking deviations in tolerances.

R&D & Mould

Bemis Electric has opportunity to make mould and equipment that are required for product design and producing with its moulding shop and R&D unit. Besides, by following new market trends, it replies customer demand as soon as possible. Bemis left 3 % of its turnover for R&D.

Very Practical, Screwless ASSEMBLY

In today's conditions, the shortage of technical staff, high man hour costs we manufacturers to make more practical, more robust designs. not compelled. In this context, we have done As a result of R&D studies, very serious we made progress. Although it is a small product 4 point assembly and after assembly After this product, which has difficulty in connecting the cable, we've solved both assembly challenges. Our new product screwless mounting and screwless It is very practical and convenient by providing cable connection. becomes more robust. Attention all users is presented.
